

EU Declaration of Conformity — Packaging

Regulation (EU) 2025/40 (PPWR)

Declaration No.	ORAS-PPWR-P6-2026-001
Scope	Bathroom furniture — flat packaging (packaging profile P6)
Manufacturer	Oras Group, Isometsäntie 2, FI-26100 Rauma, Finland
Applies to	Oras Group brands — Oras, Hansa, Gustavsberg, Vatette
Conformity assessment	Module A — internal production control (Annex VII); no notified body
Standards applied	EN 13427, EN 13428, EN 13430, CR 13695-1

This declaration of conformity is issued under the sole responsibility of the manufacturer. The packaging types identified below are in conformity with the relevant requirements of Articles 5 to 12 of Regulation (EU) 2025/40, insofar as applicable to each type.

PACKAGING TYPE	LEVEL	MATERIAL	RECYCLED CONTENT	SUBSTANCES (ART. 5)	SORTING LABEL
PKG-02 — Heavy double-wall board box	Sales	Paper/corrugated	No Art. 7 target	< 100 mg/kg	PAP 20

The PFAS restriction in Article 5(5) applies to food-contact packaging only and is not applicable to this packaging. Heavy-metal concentrations (Article 5(4)) are below 100 mg/kg for all types.

Reusable packaging placed on the market (for example EUR pallets) is assessed against the reusability criteria in Article 11; the minimum number of rotations will be set by the Commission's delegated act expected in 2027.

Supplier-provided packaging components (component conformity)

The packaging components below are supplied to Oras Group and incorporated into the packaging system that Oras Group places on the market. Oras Group is responsible for the conformity of the packaging system; the conformity of these individual components and their materials is supported by information we obtain from our suppliers under Article 16.

PACKAGING TYPE	LEVEL	MATERIAL	RECYCLED CONTENT	COMPONENT CONFORMITY
PKG-08 — Stretch / shrink film	Transport	Plastic — LDPE	To be declared (Art. 7, 2030)	Supplier information (Art. 16)
PKG-11 — Wooden pallet (EUR)	Transport · reusable	Wood	No Art. 7 target	Supplier information (Art. 16)

The technical documentation and this declaration are retained for 5 years (single-use packaging) or 10 years (reusable packaging) from the date the packaging is placed on the market (Article 15(3)) and are available to market surveillance authorities on request.

Basis and status. This declaration is made to the best of our knowledge and on the basis of the information available at the date of issue, including information obtained from our suppliers under Article 16, and covers the requirements of Regulation (EU) 2025/40 applicable at that date. Requirements applying at later stages — design-for-recycling grades, recycled-content targets, minimisation and reuse — are addressed as they enter into force. Certain supporting supplier evidence, in particular recycled-content and material test data, is still being finalised and will be reflected in a subsequent revision, identified by the reference below.
